Over the past 30 years, the Vicky Noon Education Foundation (VNEF) has supported more than 225 brilliant young Noon Scholars to study at the Universities of Oxford and Cambridge in the UK.

The Trustees are now eager to reach out to all past Noon Scholars, to learn more about their subsequent careers, to find out how they may have helped Pakistani development, and to help build a network of Noon Scholars for their mutual benefit.

We know our founder, Vicky Noon, had the dream that successful Noon Scholars return to Pakistan to contribute to the country's development and to the wellbeing of the society and its citizens. We believe Noon Scholars could also help by developing a successful network and enabling future scholars to follow in their footsteps.

We plan to create a new Noon Alumni Society out of this reunion, and will be looking for key volunteers to take up posts for this new society. The event will be a two-day workshop around the themes of university, education, ideas and leadership. We plan to have some significant and exciting keynote speakers and participants. The working title is:

Building Excellence in Pakistan: New Ideas for the 21st Century

Speakers: Paul Flather, Faisal Devji, Sir Paul Collier, Ali Cheema

Our last major series of events in Pakistan was in 2006, when we hit our 100th award. It is high time to renew our links and friendships. Please note this in your diary, date to be confirmed, and if you can help with support, arrangements, ideas please get in touch in the usual way.
